PROCLAIMING MAY 2024 AS WATER AWARENESS MONTH**

WHEREAS, California's arid and semiarid climate, its ambitious and evolving economy, and its growing population have combined to make water shortages and conflicting demands the norm; and

WHEREAS, the health, welfare, and quality of life for our community depends on a reliable, high quality water supply; and

WHEREAS, municipal agencies and governments continue to seek cost-effective and efficient systems to obtain and deliver water to meet the needs of residents, agriculture and the economy; and,

WHEREAS, the state, county, cities and concerned citizens make strong efforts to foster wise decisions concerning water issues and water use; and,

WHEREAS, the fact that California will experience periodic droughts and water conservation is critical not only during drought periods, but at all times; and
